

Today

Marshal Joffre.  
Billionaires.  
Science.  
Workers Needed.

—By Arthur Brisbane—  
(Copyright, 1930)

MARSHAL JOFFRE, dying, his leg amputated, sends for his old comrades, and smiles at them. He served his country faithfully and died a soldier's death. Marshal Joffre's death was the end of a long life of heroic work.

"Le mort du plus grand honneur est fin d'un beau jour." The death of a man at the end of a heroic life.

Brisbane is magnificent, but he is seen occasionally.

Power in old age is not often.

In old days a man with one million dollars had a modest income. That modest income no longer means anything. A "millionaire" is a man who has a fortune which has one million or more of yearly income.

In 1930 all Americans told Uncle Sam they had incomes of one million.

## MAY VOTE ON 100 PER CENT. MARKET PLAN

Legislation Providing for  
Referendum Will Be In-  
troduced in Sask.

Canadian Press

REGINA, Dec. 31.—A bill providing for a referendum for a market plan for wheat will be introduced at the forthcoming session of the provincial legislature.

According to this effect was told by Premier J. T. M. Anderson of "Tuesday."

A bill will be introduced with the usual procedure in the House of the required percentage voting in favor of the scheme. This bill will provide that the market plan will be submitted to the people in 1931.

For the first time in many years it was decided to postpone with the usual procedure in the House of the required percentage voting in favor of the scheme. This bill will provide that the market plan will be submitted to the people in 1931.

Quebec Man Winner  
Accountant's Prize

Montreal, Dec. 31.—The

president's prize for the highest marks in the final examination of the General Accountants Association was won by Paul Brunau, Quebec, and the second prize for the highest aggregate to members of another Quebec accountant, Eric Michaud. Successful candidates who passed the examination were: G. L. C. Williams, Montreal; H. E. McLean, Victoria, B.C.; and J. D. Williams, Vancouver.

TRAFFIC RECEIPTS DROP

MONTREAL, Dec. 31.—Estimated traffic receipts of the Imperial Oil Company, Canadian Consumers Limited for the month of November show a decrease of \$109,277 over the corresponding period last year. Total receipts for the 11 months January to November, 1930, show a decrease of \$694,475 over last year.

# Canada STATESMEN OF EMPIRE MEET NEXT SUMMER

Will Ponder at Ottawa  
How to Further Develop  
Empire Trade

Canadian Press

COTTAWA, Dec. 31.—Canada

starts the new year with confidence.

Before it ends there will possibly have been decided upon the beginning of a new conception of Empire, in the great British Dominion of Canada, which will affect the spirit.

For the first time in history the statement of the Empire will assemble in Ottawa next summer. On the spot where the Canadian Parliament has sat since its first meeting in 1867, the Imperial preference idea and first put it into effect, there will be a discussion of what the future relations between the nations of the Empire.

The founders of the Empire gathered at Ottawa last May at the recent Imperial Conference in London. Now Canada and the Dominions have come to Ottawa. And if all goes well, from Ottawa to the furthest parts of the Commonwealth, there will go a message of Empire unity.

**WORKING ON PLANS**

Delegates from England and the overseas Empires are now working and on several schemes for improving Empire-wide economic conditions.

When the Canadian Conference were found to be immediately successful, Mr. Bennett's offer of reciprocal tariff preferences—was received with enthusiasm by the Dominions.

It was found, however, that a quota of British imports was being given to the Dominions a certain percentage of British goods. So a quota of British imports, caused fish, etc., are, like wheat, to be taxed.

In the earliest days of all parts of the Empire, when the deliberations at Ottawa have been concluded, there will be a general scheme of forcing of powerful new links in the chains that bind the Dominions and the mother country.

## DEATH TOLL OF HOTEL FIRE 11

**Excavation of Ruins Com-  
pleted With No Further  
Trace of Bodies**

COCHRANE, Ont., Dec. 31.—The total of dead in the hotel fire at the station has been definitely set at 11. The estimated time of the fire was 12:30 a.m. The actual structure was completed Tuesday, with no further additions. It had been originally estimated that between 10 and 15 persons died when the fire was started.

Two adult bodies were recovered Tuesday and bodies of two or three children were recovered from other dismembered portions of human remains.

The first two bodies recovered have been positively identified as those of Mrs. John W. Turner, widow of A. Spadaro, hotel employer; and Charles Palagio, son of the hotel manager.

Remains of the children found are believed to be those of Victor J. McRae, 10, and his brother, 12, and Mrs. and Mrs. Charles Palagio, son of the hotel manager.

**Pedestrians May  
Use Highways**

Canadian Press

OTTAWA, Dec. 31.—The humble pedestrian has found a champion in Chief Justice Greenhank who in his annual budget speech, in automobile accident cases today stated that the government would not be lucky enough to use their feet as a means of locomotion. The pedestrian may as well travel on the railroads, highway and every part thereof re-stated only by municipalities.

**MORE ABOUT  
TODAY**

CONTINUED FROM PAGE ONE

lion dollars or more. Several have left the country, and others will leave two or three more. They represent the beginning of the billion-dollar movement, which is, of course, certain to follow, men in the United States worth a billion.

The Canadian market in Niagara is a good use for industry, because it is used for industry. So with great encouragement, we turned to the right direction.

**GEORGE W. CHILDE**, great Cleveland surgeon, shows a remarkable ability to "read" what is really created and believes that his discovery will help the war against tuberculosis. The medical scientists assembled were interested in the fact that a living cell can be destroyed by a single ray.

"If that can be done," some will say, "why not an entire man, provided you could find him?"

Science can create life artificially, but how could it create death? What sympathetic arrangement of matter could be made to satisfy the imagination of a great poet?

More life is nothing. The importance of life lies in the fact that it comes from matter, without form, weight or size, and that it can be composed of atoms or molecules. You cannot create life, you cannot destroy it.

All the science in the world will never be able to create life, a field mouse mother for its young.

**MEN** looking for employment in the United States and other countries, will read with amazement that the number of men employed in the U. S. is about 2,000,000 workers. These women are asked to work for less than \$1 a day. There are not men enough, and will be paid the same wage, men, and women, who are trained to hard work, the fields, the mills, the

# Will Figure as Moving Spirit in New Conception of Empires

**MORE ABOUT  
FARM RELIEF**  
CONTINUED FROM PAGE ONE

The fact that the marketing of wheat at present prices would leave many farmers in difficulties was admitted by the government, said the premier. The government, he said, had tried to assist the provinces in providing relief.

**NOT CITIZEN OF CANADA**

"No citizen of this country," he said, "can be asked to take a risk for a sticking, shelter or fair. We must not have the wheat growers think that they are the only ones who need more favorable treatment than any other class in the community. We must not have the wheat farmers charge that they are the only ones who do not realize the responsibilities of the market, extension of trade with foreign countries, and so on."

While fully alive to the immediate difficulties of the wheat farmer, Mr. Bennett also recognized in favor of plans for Canadian farm relief.

Speaking to Frank Flaherty, Canadian Free Staff Writer:

**REGINA, Dec. 31.—Appeals to local**

principles in the form of suggestions and advice were made by the provinces from Canada for Canadian farm relief.

When the Canadian Prime Minister spoke to the members of the House of Commons, protection of the home market, extension of trade with foreign countries, and so on,

**ROADER EMPIRE SURVEY**

Mr. Bennett said he expected an adjustment of the situation to be reached at the adjourned imperial economic conference in Ottawa next summer, which would make it possible for him to return to his post as minister of agriculture.

And if all goes well, from Ottawa to the furthest parts of the Commonwealth, there will go a message of Empire unity.

**WORKING ON PLANS**

Delegates from England and the overseas Empires are now working and on several schemes for improving Empire-wide economic conditions.

When the Canadian Conference were found to be immediately successful, Mr. Bennett's offer of reciprocal tariff preferences—was received with enthusiasm by the Dominions.

It was found, however, that a quota of British imports was being given to the Dominions a certain percentage of British goods.

HOTEL FIRE 11**

**Excavation of Ruins Com-  
pleted With No Further  
Trace of Bodies**

COCHRANE, Ont., Dec. 31.—The total of dead in the hotel fire at the station has been definitely set at 11. The estimated time of the fire was 12:30 a.m. The actual structure was completed Tuesday, with no further additions.

When the Canadian Conference were found to be immediately successful, Mr. Bennett's offer of reciprocal tariff preferences—was received with enthusiasm by the Dominions.

It was found, however, that a quota of British imports was being given to the Dominions a certain percentage of British goods.

So a quota of British imports was imposed.

At the earliest days of all parts of the Empire, when the deliberations at Ottawa have been concluded, there will be a general scheme of forcing of powerful new links in the chains that bind the Dominions and the mother country.

WEDNESDAY, DECEMBER 31, 1930

#### GREETINGS

The Bulletin welcomes the opportunity  
to extend to all its readers the wish that  
they may find in 1931 a year of happiness  
and prosperity.

#### LET IT GO

The close of a year is a favorite and  
fashionable time for retrospection. At the  
close of 1931 no one needs much encour-  
agement to fall into a retrospective mood.

The year has been one of unusual con-  
ditions, the most sharply defined in  
modern history. It has also followed a period  
of great and general prosperity. Retrospection  
is easy in such circumstances.

The difficulty is to get away from it.  
There is at this particular time the better.  
Surveying an unpleasant past is not  
always a profitable occupation. The  
moral should remain; but the incidents  
had best be left to the past. Security  
as far as possible. The year is going;  
let it go. Its record cannot be  
changed, and if its losses are to be recov-  
ered that will have to be done in the  
future—not the past.

#### THE HOLIDAY TRADE

The Christmas trade all over Canada is reported to have been surprisingly good. In Edmonton the activity on the streets during the few days preceding Christmas was notable, the stores were filled with customers while the armloads and car-loads of packages were evidence of the volume of trade that was being done and to the prevailing disposition to exchange tokens and presents as usual.

That is very encouraging, both as to the response of the public and as to the frame of mind in which people are viewing the present conditions. Buying power has not vanished from the land, nor has panic seized the public. Those who have means and those who have not have not been fully cumbered are evidently living and spending much on the ordinary scale. In so doing they are helping to maintain business, give employment, and tide over the unfavorable times.

#### FARM RELIEF MEASURES

In the course of the speech which he delivered at Regina last week in defense of the general and relief work of his Government, Premier Bennett cited three measures which have been or are to be taken for the relief of western farmers' and western agriculture.

First, credit is to be provided to farmers who require it, to the end that distress may be averted and that they may have seed with which to sow a crop next spring.

Second, public credit is being used to prevent the enforced liquidation of the 1930 crop and to permit it being sold in an orderly way; which may be taken to mean that the Government is guaranteeing to buy at a loss against for advances made to the Peasant Fund.

Third, credit is to be provided for an organization which will undertake to finance farmers in the purchase of livestock.

The first two measures indicate an emergency relief. The third is a constructive undertaking looking to the readjustment of farm production to a more diversified type.

If this situation does not live up to the advance notices of the press agents that the Premier had some great "message" to deliver, it at least has the merit that the proposals are sane and are generally accepted.

The conclusion of the matter is that Mr. Bennett does not know, as no one else knows, how the wheat-growing business is to put on its feet and made profitable. But meantime the Government will try to prevent distress in that, as in other, occur-

#### WHAT OF THE FUTURE?

It is a pretty safe assumption that 1931 will be a more prosperous season than 1930. Depressions do not last forever. Neither does the pendulum stop, and perhaps conditions will improve. When the downward swing has reached the lowest point the upward swing commences. The times are always growing either better or worse.

There are substantial reasons for

thinking that the downward swing has ended and the upward swing begun. Wheat cannot go much lower in price. Securities in industrial and commercial enterprises are at present at a discount below their value. Commodity stocks of many kinds have been depleted while factories stood idle. Millions of people who had overbought have let go things that they can no longer afford and have their savings thrown into alignment with their normal earnings.

Flimsy and mis-managed concerns have gone down in ruin, and left room for others, stronger and better organized. Money, available for reproductive investment, is now being invested in the soil. While armies of men have been taking an enforced "holiday," the fruits of over-production have been consumed, and conditions have been reshaping themselves for a gradual speeding up of industry and trade.

There is a growing feeling that business will improve from this time on. That expectation may be as important as the reality, and it has been doing its part in the economic situation. To a considerable extent a "depression" is a state of mind. Convince people that the times are to be dull and they will make them so. The same is also true. What everybody expects to happen in the economic world does happen, with a frequency that is significant.

One good resolution for the New Year is to keep an eye open for the signs of improvement, and what would do the confidence would become contagious, hearing would give way to customary spending, capital would be encouraged to make new investments and to employ more men, and the play of all the factors which are making for restoration would be given scope.

#### 40 Years Ago Today

From the files of The Edmonton Bulletin

John A. Graham recently arrived from Seattle, Washington, has taken up a homestead in Clover Park, a school teacher at Good Lake, W. J. Williams his wife and son, John W. Williams his wife and son, have moved to the town of Enderby, B.C.

Christmas Eve was marked by entertainments held in the Presbyterian and Methodist churches, the former having a service in the Russian Catholic church, and in the cathedral at St. Albert. The Methodist Church services were held at St. John's and at St. John's church. Business was suspended throughout the day. The weather was mild and sunny.

Curling began on Saturday last. Following are the games played thus far: Dr. Wilson 26, W. O. McLean 17, Jim McDonald 17, D. T. Becher 19, E. L. Lewis 19; J. K. Keay 14, H. C. Smith 21, H. C. Lewis 18, E. L. Lucy 14, Rev. C. Cunningham 17; G. D. George 11; James D. Wilson 19, F. S. Smith 10; E. Lucy 13; J. F. Smith 9; W. O. McLean 13; H. Kelly 12.

#### THIRTY YEARS AGO

The Merchants bank is opening a branch at Weeds Landing. The Christmas weather in Edmonton was clear and calm. The only drawback was lack of snow, so that the winter sports were not as popular as usual. The Walter and Humbertsons are driving miles in the river. The building improvements in Edmonton during the year reach a total of about \$100,000.

The first of Christmas day was a lucky match between the Strattonians and the Strathconaians. The game from the first was fast. The second half was a dead heat. The final score was 10-10. The team that won the game was the Walter and Humbertsons. The air was too thick with smoke to permit any game to be started. The reason given for Edmonton's defeat is that Strattonians scored the most goals.

### Health and Diet Advice

By Dr. Frank McCoy

#### THE HABIT OF THE YEAR

New Year's Day is considered one of the most important days of the year.

For example, it is believed that if all resolutions were collected in book form they would fill three hundred volumes, who extracted food of

the year, and it is believed that

the average person is not prepared to

concern himself with the

details of his diet.

What is the habit of the year?

What is the diet of the year?

What is the exercise of the year?

What is the rest of the year?

What is the work of the year?

What is the pleasure of the year?

What is the fun of the year?

What is the joy of the year?

What is the love of the year?

What is the health of the year?

What is the strength of the year?

What is the energy of the year?

What is the enthusiasm of the year?

What is the interest of the year?

What is the pleasure of the year?

What is the fun of the year?

What is the joy of the year?

What is the health of the year?

What is the strength of the year?

What is the energy of the year?

What is the enthusiasm of the year?

What is the interest of the year?

What is the pleasure of the year?

What is the fun of the year?

What is the joy of the year?

What is the health of the year?

What is the strength of the year?

What is the energy of the year?

What is the enthusiasm of the year?

What is the interest of the year?

What is the pleasure of the year?

What is the fun of the year?

What is the joy of the year?

What is the health of the year?

What is the strength of the year?

What is the energy of the year?

# VARSITY REGISTERS TRIUMPH IN SENIOR HOCKEY GAME

Boston Registers Only Victory of National League Games Last Night, Beating Ottawa

**BRUINS LEAVE  
HAWKS BEHIND  
WINNING 7-3**

Ross Sexton Too Smart for  
Senators in Bean-town

BOSTON, Dec. 31.—The Boston Bruins caught the Ottawa Senators off balance many times last night and piled up an American Hockey League record of 16 consecutive wins over the Chicago Black Hawks.

The game could not much spark the hockey and was much more than a struggle. It was decided five times in the last period. He accounted for two of the Ottawa scores. Bill Ross, play hard and often.

Tommy Sturz and Eddie O'Brien each scored twice for Boston, and the other Bruin tallies came from the sticks of Tom O'Brien, Curley Weiland and Eddie Sherrill.

BOSTON: Thompson, Shore, O'Brien, Weiland, Sherrill, Hickey, Harrington, Bell, Gainer, Hitchman, Chapman, Miller, Moore, Ross.

OTTAWA: Beever, Starr, Alex Smith; Lamb, Finnigan, Kilner, Subo, Cox, Ladd, McLean, Groveson, Bourque, Art Smith.

Officials: Blaier and Corbin.

HAMILTON

First period: 1—Ottawa, Lamb (Kilner), 14-41. 2—Boston, Barry (Glover), 16-18. 3—Ottawa, Barry (Owen and Oliver), 24. 4—Boston, Oliver (Barry and Beaufort), 21-22. 5—Ottawa, Bell (Sherrill, Sturz), 25-26. Penalties: 6—Ottawa, 12-16. Penalties: 7—Boston, 11-12.

Third period: 8—Boston, Weiland, 1-36. 9—Boston, Chapman, 2-11. 10—Ottawa, O'Brien, 2-24. Penalties: 11—Boston, Prat, Harris, Blattie, Hitchman.

Shamrocks Edge  
Out Buffalo 3-2

ST. PAUL, Minn., Dec. 31.—In a rough American League hockey game last night, the Shamrocks of St. Paul scored a 3-to-2 victory over the Buffalo Seals, the second victory in the series.

Although Buffalo scored the first goal, and had more chances in the early stages of play, the visitors came back in fast fashion to score three goals in the last period. The last Chicago goal, was fined \$10 for all the time to the referee.

Goals were scored by Buffalo's Carl, Brydson, Taylor and McPhee, and by St. Paul's Ross, Higgins and Clegg.

BUFFALO READIES

CHICAGO, Dec. 31.—Stanley H. Rowland, former manager of the Chicago Maroons, and later an American League umpire, has signed the deal for the purchase of the Reading, Pa., team of the Inland League yesterday.

OILERS BEATEN  
BY COLLEGIANS  
TUESDAY NIGHT

Dorsey Gets Winning Goal  
on Tollington's Pass  
in Last Period

By BILL LEVENS

Last uncovered in front of the Imperial's goal mid-period through the last minute of the third period, the puck was passed out from "Curly" Tollington, who had been chased down the ice by the college center. Star of Curtis Friedman's Varsity squad, Tollington had been unable to get the puck into the net to give the students a hard-earned 3-to-2 triumph over the Imperial team in their first meeting in the Hockey League game at Varieté Hink.

That driving shot had been beaten from the second it left Tollington's stick and the college players, who had been wary which the Collegians had warded from the opening face-off.

The Imperial team fought as any senior league team would, but early lead which was washed away in a second-half by the Oilers, and the final period was a struggle to win to win a furious rush in the final section.

Victory for the Collegians gave them a stronger hold on the third ring in the league, and the 10th place in points and defeat for the Imperials left them in a tie for first place with the Rangers.

Imperials narrowly missed taking the lead in the first period when "Lefty" Grove was wide with his shot when he was checked into the side of the man rush.

Just a little better by the same player in the second period when the start of the contest was Varieté Hink went out ahead, with Tollington in the lead.

Tollington had the lead in the ice with Dorsey and after the latter had been checked and lost the puck, the Imperials had the lead again.

Custamer with a hard drive, got the puck to the goal and after the initial goal, with both clubs fighting their hardest to score, "Dolby" Ross was hard to score.

Pai Power was close, while at the same time Tollington had the lead.

Horne forced Ross to extend himself again just before Varieté Hink got their second goal.

The students scored again in a mix-up in front of the Imperial cage.

He came out of the section and drove into the cage and the Imperials slipped it into the nets unsmoked.

Oliver Evans scored going into the cage again two more goals behind the Imperials.

In Ross for a number of dangerous shots in the early minutes of the game, he was checked into the side of the Indian handily in fine style. Finally,

a shot from the blue line that struck Ross in the top corner of the cage and made the score 2-1.

Continuing the pressure, Imperials were hard to score again in a matter less than a minute later when "Wild Bill" Broadfoot, who had been checked and drove in a blistering shot from the right boards just inside the blue line, had the chance to score.

The two teams then exchanged they had into the attack at the third period opened but the lone goal of the period was scored by the Imperials in 50 seconds of play when Dorsey took the pass from Tollington and scored.

Tollington Good.

Tollington was the outstanding player on the winter's line-up although he was not far ahead of Dorsey in the race for the title of best in good performances.

"Dooly" Ross made a great job of the net-minding and the Imperials' defensemen were right on their jobs every time.

Bill Broadfoot, Letty Grove and Herbie Horne were the most effective Imperials.

Varlets: Goal—Ross; defense—Hall, Montgomery forward—Dorsey, Wright, Williams, Pinckney, Kendall.

Imperials: Goal—Ross; defense—Hall, Broadfoot, Power, Hall, two minutes each; Power, Hall, one minute.

Third Period: 3-Varsity, Dorsey from Tollington, 11-30. Penalties—Power, Hall, two minutes each; Montgomery, one minute.

Westmount Wins Over Riverdale

Westmount scored a 5-3 victory

over Riverdale in a spirited Rivalry

league game at the Rive-du-Moulin

rink last night.

The tall Philadelphian, for years a star in the Westmount team, had signed with the Riverdale club and he signed a contract to appear in short films on drama subjects.

It was the first time that Joliat had

been seen that prevented Joliat from getting an assist or goal.

He had been on the team since he reported for pre-season training it was thought that little Johnny Joliat would be the star of the show.

# Ex-Juniors Again Beaten in Arena Senior League; Stettler Trims Red Deer

**North Edmonton**  
Plays Tie Game  
With Cramdale

Cramdale and North Edmonton battled to a 2-2 deadlock in a fast and exciting arena game played at the latter club's home rink last night. The two teams had been unable to finish and the teams fought furiously until the final period, when both failed to break the tie.

Brundin and Smith scored Cramdale goals, while McLean and Gordon matched the pair of count for the North Edmonton team.

Middleborough refereed the game.

**Young Judges**  
Lose to N.H.F.

National Hockey Federation triumphed over Young Judges in basketball at the Y.M.C.A. by 21 to 18. The first half was tied 8-8. Denby Coffey scored for the Young Judges, while Gordon starred for the North Edmonton team.

**HAMILTON VICTORS**  
TORONTO, Dec. 31.—Hamilton senior Ontario Hockey Association team beat the Royal Canadian Sea Fleas last night 3 to 1.

## LOOKING AROUND by JOE DWYER

At this point I can truthfully say and remark—ANOTHER YEAR,

and another dollar.

Coach Chris Priddis of Victoria has his Colleges get in the senior hockey play-off, and after last year's success, the Victoria member of the Students' might see some more success this year. The players weren't in town, thus being the Christmas holidays still far off, but the green-clad warriors to score a win over the Victoria Imperials, in their opening game.

The other surprise arrived when Ex-Juniors again started their campaign this time from the starting gate. They suffered a great deal of embarrassment by their first appearance of the season. Last night was different, however, and the boys were all of which has a moral. I suppose it's the "I'm not afraid" attitude that they show in big games. Jack Thivierge and his boys have blue lines that should stand.

Traveling salesmen don't spend all their time telling stories and listening to them, and the drummers start things going at the Edmonton store. Saturday night the drummers will be in with a series of rock-heaving arguments that should be Scotch classics, or something.

Jack Lester, who is now enjoying the mirthless climate of Perry Ferri, says "Happy New Year" to the radio department yesterday. Jawn played good for Union Oil, a minor series, and the boys in the battle ended even 6-6. Dasey says "You're not worth the price of a chance to waste time." The other two caught me gaasting at Great Northern, and how the wolves did howl.

So they're following him around, too. Maybe Eddy's baseball roasters are following him around.

Inter-city games in the National Hockey League are still limited to 1 to last night, in a Canadian-American League hockey game. It was a hard-fought battle for the Indians after a winning streak of 10 consecutive victories.

The Indians started early in the second period when Hutton scored his first goal. He assisted. Springfield evaded the pack and had been on skates for 10 minutes before he got a point for himself, snuffed two assists for Coxon again to keep his record at 10-10. Coxon is a boy Edmontonian take a keen interest in the Indians. If you heard all the phone calls inquiry, "What did Beatty do to him?" he'll be back and five points in his record now.

Here's news for the Hudson Post. Mr. Lester Patrick has a lot of respect for the Bruins. He has a lot of respect for Patrick, too. Lester has been connected with Boston for quite a while. This is that now. The guy you've been hearing about is a boy. He's a boy, so he's been two other fellas right along and were really a bathe must be a boy. The Bruins are the Praying Colonels of dear old Kentucky.

Again we remind you that King Kelly's Famous Valley-Gold Imperial will be at the Arena Thursday afternoon to meet Irvin Stewart's Superiors, and if you want a better sugar over there and start the new year right.

A SIX FOOT STAR :: By Lou Skuce

PET DETTINGER STARRING FOR VANCOUVER

## Arrows Break Winning Streak Of Springfield

PHILADELPHIA, Dec. 31.—The Philadelphia Arrows defeated the Springfield Indians 10 to 2 last night, in a Canadian-American League hockey game.

The Indians started early in the second period when Hutton scored his first goal. He assisted. Springfield evaded the pack and had been on skates for 10 minutes before he got a point for himself, snuffed two assists for Coxon again to keep his record at 10-10. Coxon is a boy Edmontonian take a keen interest in the Indians. If you heard all the phone calls inquiry, "What did Beatty do to him?" he'll be back and five points in his record now.

Here's news for the Hudson Post. Mr. Lester Patrick has a lot of respect for the Bruins. He has a lot of respect for Patrick, too. Lester has been connected with Boston for quite a while. This is that now. The guy you've been hearing about is a boy. He's a boy, so he's been two other fellas right along and were really a bathe must be a boy. The Bruins are the Praying Colonels of dear old Kentucky.

Again we remind you that King Kelly's Famous Valley-Gold Imperial will be at the Arena Thursday afternoon to meet Irvin Stewart's Superiors, and if you want a better sugar over there and start the new year right.

MANITOBA BEATS MINNESOTA

MINNEAPOLIS, Minn., Dec. 31.—For the third consecutive year the University of Minnesota by winning the second game of the season.

The Gophers won 10 to 2.

The visitors drove in 10 goals

and the home team only 2.

The visitors defended extremely

well, but the Gophers threatened in the middle of the game.

Manitoba came from behind in the third period.

Manitoba's two of the smartest aggre-

gations in senior hockey, have

better a sugar over there and start

the new year right.

## VISITORS IN 3-1 VICTORY AT RED DEER

Big Crowd Sees Hornesters  
Outscored in Fast Intermediate Game

Exclusive to EDMONTON BULLETIN

RED DEER, Alta., Dec. 31.—Playing to a record crowd of 3,000 spectators, the Red Deer Intermediate team, the strongest club that Southern Alberta has produced in many years, the semi-finalists from the group of 10 field to the south, was beaten 3-1 by the visiting Hornesters of the Alberta Senior League race, and many believe that it will go a long way in the Allan Cup competition.

The southerners have an exceptionally fast squad and their speed is particularly noticeable in rapid forward lines, where they have a tendency to break through the opposition's defense.

The visitors earned the victory on Saturday, January 1, and the game was a wide-open affair throughout the city and surrounding districts, and amateur hockey fans in this city is expected to jam the Arena tomorrow.

The team will probably line up as follows:

Walter, Brown, sub. Crookshank, Macmillan, Gillies, Walker, Farren, sub. Crookshank, Dennis, Chapman, Bagshaw, forward; McRae, Kemp, Kivett, Denovan, and Rod Overend.

and stayed Cudmin off until W. S. Siedle picked up the puck and beat a shot that he did not see.

# HAIL THE NEW YEAR!

**1931** is an entirely new drama about to be flashed on the screen. What new thrills—new situations, comic and tragic—mysteries to be solved and marvels await to be enacted before our expectant eyes? Surely it is impossible not to be stirred by such a wealth of anticipation. And we are not going to be merely

witnesses of the show—we each have an individual part to play and, according to our eagerness to put the success of the show above all private or selfish considerations, so will the "takeings" be great or small. Let us all combine to make 1931 a real success by pulling together, and boosting each other!

## Looking Ahead

Many signs go to show that 1931 will see us safely over the stile of hard times, and well on the high road to prosperity.

JANE ARDEN

By Barrett and Ellis

TO HANDLE MEN LIKE HIM, BORIS IS SMART! DON'T BRAINS BE BETTER THAN MONEY? WELL, PROVE HE'S A BRAIN AND I'LL DUMP HIM ON THE REST OR SCARE THE REST, BUT NOT HIM!

BORIS IS COMING! FOR ALL THE MEN I'VE EVER INTERVIEWED, HE'S THE ONE OF COURSE VON FARABAN IS WONDERFUL, TOO, BUT I DON'T KNOW IF HE EVER CARES FOR HIM LIKE I DO FOR BORIS—WHY, IT MAKES ME HAPPY JUST TO THINK HE'LL BE HERE SOON.

### Little Stories for Bedtime

By THORNTON BURGESS (copyright)

HAD A TALK

"Isn't This a Fine Morning and Isn't This Snow Lovin'?" said she.

She spoke again and I had a very comfortable nap.

"Where's?" asked Reddy craftily.

"I'm tellin' you to find out."

"I hope you're not hard feelings," I gave you a look of sympathy.

### MOON MULLINS

### Your Baby and Mine

By MYRTLE MAYER EDRED

**DISCIPLINE ESSENTIAL EVEN IF SPANNING IS TABOO**

Human nature is naturally viewed through the eyes of the mother. She sees things through her hands mainly. Just as a compass portraiture reveals the true direction of a soul, so do thousands of letters reveal a knowledge of a difficult character. This is the reason why it is therefore typical of large groups of individuals.

We find that the views on the subject of discipline, especially spanking, and there are many, are not always in agreement. A non-spanking mother is never very sure of herself. She has no definite method but she has confidence in her own judgment. An interested mother may have this kind of confidence. She may be a good example to others. This is the reason why she would spank a child, even if she wanted to. But always she is somewhat embarrassed about it.

**PICTURE OF SPANNING MOTHER**

No, this picture is not always very nice, is it? There is always a certain amount of violence in expressing her opinion. Also, there is a certain amount of pride in who doesn't believe as she does. She sees it as her right to do what she wants to do. Her two older children were spanked, but she has a good record. She is a strong and strong-willed person who is like a small tag with a piercing whistle which always goes off. Look at me, I am a picture of a strong woman.

These attitudes are typical of the two types of mothers: a little hard to manage. There is nothing in particular to their behavior to have them in trouble.

One of the two types of mothers is a little hard to manage. There is nothing in particular to their behavior to have them in trouble.

original about spanking; it has been going on for years with most indifferent results. Why any mother should consider that she needs any special training in this matter is beyond me. I think it must be due to the individual situation. Our lesson on "Discipline" was given to us by a teacher who was a mother herself and she had a good record. She was a good teacher and she would bring good results.

**DISCIPLINE ESSENTIAL**

Authentically, such a usually dismal picture of the spänner has to be learned in the home. The methods by which she disciplines her children are not suited to the individual situation. Our lesson on "Discipline" was given to us by a teacher who was a mother herself and she had a good record. She was a good teacher and she would bring good results.

I am told Mrs. Bradie in the street today, but she didn't see me. I wonder if she was slighted or annoyed. She is a good teacher and she has been right along to keep me from getting into trouble.

A: What kind of a car has Tom? B: Well, he'd feel tremendous if you called it second-hand.

"Don't be so silly. How could a boy be a soldier?"

"He could be put in the military, of course."

"Why?"

"You've always got your eye on the nose."

"A!"

## Starting Another Wonderful Year With Outstanding Bargains

### Smartly Styleful Frocks

#### Specially Purchased for Bargain Day

The "bright lite" frocks that the stylists have been talking about—the girls in them in fashion details—will be coming to wear beneath a fur coat or one of the dark wraps so smart this season.

Their fabric is a heavy art silk that resembles flat crepe. Dozens of details like pleats and flares, buttons or braid, give them style distinction and charm. "Bright Lite" colors and fawn, navy and black.

Size 12. \$3.95
